

LOCKSMITH STAMPS / KEY STAMPS

Our steel locksmith / key stamps are made from 0-1 tool steel and are heat-treated throughout for strength and long life. They are approximately 3-1/2 long and a variety of sizes are available for all applications. Stamps can also fit into our Steel Stamps arbor press.

Standard locksmith stamps have the company name on top and the phone number centered below. The standard height is 3/32, typically 12 characters per line and 2 lines. Though this is the majority of the locksmith/key stamps that we make we can also make a stamp of your logo or banking routing number etc...

STEEL STAMPS ARBOR STAMPING PRESS

Never make crooked stampings again. The Steel Stamps stamping press is an easy tool to use. All you do is place the key under the stamp, turn the handle, line it up, apply pressure to the handle, and then strike the top of the press with a hammer. You can strike it as many times as you wish as long as you hold pressure on the handle.

36-PIECE HARDENED STEEL STAMPING SET

Set includes 26 letters A-Z, an (&) sign, and the numbers 0-8 (turn the 6 upside down for the 9). The complete set comes in a plastic protective case. The set come in the 3 sizes below:

1/8 set \$35.00 1/4 set \$45.00 3/8 set \$65.00
