

KNIFE BLADE OR BLACKSMITHING STEEL STAMPS

The steel hand stamps are made from 0-1 tool steel and are heat-treated to a 57-59Rc to ensure long life and durability. Steel stamps are suitable for stamping all types of un-heat-treated steel. The stamps are approximately 3-1/2 long. Other sizes and press insert are available by special request.

We have three basic price points:

Type 1: Custom letter stamp. This is the easiest and least expensive stamp. It is a basic block font (Arial) in a straight line. To provide you with a quote the only information we need is what you want the stamp to say and how wide you need it to be.

Example 1: STEEL STAMPS Example 2: **S.S.I.** Example 3: T. MCLAIN

Type 2: Custom font stamp. We can make a stamp with any font you want us to use. Send us an e-mail, fax or mail a copy of the font to us and let us know how wide you need the stamp. Please make sure when you send us the artwork of the stamp that you send it to us 5 times larger than the actual size. Once we receive this information from you, we will provide you with a quote.

Example 1: *Steel Stamps Inc.* Example 2: *T.McLain* Example 3: *S.S.I*

Type 3: Custom design stamp. This type of stamp consists of a logo, brand or any design you would like us to use. Send us an e-mail, fax or mail a copy of the design to us and let us know how wide you need the stamp. Please make sure when you send us the artwork of the stamp that you send it to us 5 times larger than the actual size. Once we receive this information from you, we will provide you with a quote.

Example 1: The logo features the words "STEEL STAMPS" in an arc at the top and "NEVADA" in the center, flanked by two stylized 'S' shapes.

Example 2: A stylized logo where the letters "S", "S", and "I" are connected by a wavy line at the top, with a vertical line extending from the bottom of the "I".

Example 3: A circular logo with "HAND MADE" at the top and "STEEL STAMPS" at the bottom, both following the curve of the circle.

KNIFE BLADE OR BLACKSMITHING STEEL STAMPS

STEEL STAMPS ARBOR STAMPING PRESS

Never make crooked stampings again. The Steel Stamp stamping press is an easy tool to use. All you do is place the blade under the stamp, turn the handle, line it up, apply pressure to the handle and then strike the top of the press with a hammer. You can strike it as many times as you wish, as long as you hold pressure on the handle.

36 PIECE HARDENED STEEL STAMPING

Set includes 26 letters A-Z, an (&) sign and numbers 0-8 (turn the 6 upside down for the 9). The complete set comes in a plastic protective case. The set comes in 3 sizes:

1/8 set \$35.00 1/4 set \$45.00 3/8 set \$65.00
